

WORKING IN BUILDING AND CONSTRUCTION

Be part of one of Britain's largest, most diverse and rewarding industries - offering you the opportunity to create and build, contributing hugely to the nations economy.

Construction offers many different types of career paths, from semi and skilled craft careers covering over 20 different trades, to jobs in management and design. The opportunities for advancement are massive, regardless of where you choose to start, many Project and Site Managers begin their careers as tradesmen.

There are so many different ways to pursue a career in construction, from education to hands-on training and apprenticeships. Read more about our opportunities on the reverse side.

DID YOU KNOW?

 The UK construction industry consists of over 300,000 firms, employing around 2.2m people

 That's one in 13 of the UK workforce!

 Extra jobs will need to be filled to meet labour demands moving forward

OUR MANAGEMENT TRAINEE PROGRAMME

Borras construction is a £50m + per annum contractor with over 40 years experience based in St Albans. We pride ourselves on attracting, developing and retaining the best people in an environment where they can flourish. It is our workforce, with the drive, determination and values we share that form the backbone of the company and distinguishes us in a highly competitive market.

We have always maintained a core of directly employed staff who have developed, grown and progressed within the organisation which is highlighted today by the extremely successful Management Trainee Programme we have in place.

Trainees often join us straight from school with no previous construction experience. We offer a structured 5 year University programme, resulting in a BSC qualification includes spending time in all of our departments, both on site and in our head office, whilst completing their studies on day release. This approach is designed to give our trainee's a broad appreciation of the entire construction process, helping them to identify which career they want to pursue once their training is complete. The scheme opens up many doors for those enrolled, some of the positions available to move into include:

SURVEYOR - SITE MANAGER - BUYER - ESTIMATOR - ACCOUNTS - PLANNER

Here are some comments from our Trainee's:

"IT ALLOWS ME TO DEVELOP MY SKILLS FROM AN AMATEUR ALL THE WAY TO A PROFESSIONAL."

"BEING A MANAGEMENT TRAINEE ALLOWS ME TO GET THE QUALIFICATIONS NEEDED AS WELL AS PRACTICAL EXPERIENCE."

"I CHOSE BORRAS BECAUSE OF THE OPPORTUNITY TO STUDY, GAIN EXPERIENCE AND EARN AT THE SAME TIME WHILST ON A CLEAR EDUCATIONAL PATH."

"ALLOWED ME TO MEET A VARIETY OF PEOPLE, LEARN VALUABLE INDUSTRY KNOWLEDGE AND INITIATE MY CAREER."
